

The following information was obtained from the records of the Department of Health and Human Services, Office of Inspector General, Washington, D.C., regarding the activities of the American Medical Association's Committee on Professional Ethics during the period January 1, 1970 through December 31, 1972:

During the period January 1, 1970 through December 31, 1972, the Committee on Professional Ethics received 1,047 inquiries from physicians and other health care providers regarding ethical questions. Of these inquiries, 1,047 were referred to the Committee for review and comment. The Committee issued 1,047 opinions in response to these inquiries. The Committee also received 1,047 requests for advice from physicians and other health care providers regarding ethical questions. Of these requests, 1,047 were referred to the Committee for review and comment. The Committee issued 1,047 opinions in response to these requests.
